	communication.
강좌개발 계획 및 전략	Some students develop a fear of English because they think that English is a very difficult subject to study. They are shy to speak because they don't have the confidence and they worry about the mistakes that they might say. Some students struggle to communicate because of the lack of relevant words to use in a given situation. Because of these common problems that the students experience in their English language learning, this online course provides a useful resource in order to solve the common challenges that the students encounter. This online course provides guidance on the three aspects of communication: speaking, vocabulary and grammar. It also provides helpful tips on how to boost the confidence of students in order for them to use English in their daily lives. With excellent communication skills, the students can get an advantage not only in their current studies but also in their search for a job in the future.
공개강의 적합성	Generally, this course aims to increase the students' access to high quality learning materials. Specifically, this course aims to provide practice opportunities for the students to improve their speaking skills. This course also provides tips on how to effectively improve the students' knowledge and use of vocabulary. In addition, this course aims to strengthen the students' understanding of the important aspects of grammar and improve the confidence of the students in their daily English communication.
